Today, MI-6 Secret Agent Monty once again eluded capture by an assassin sent by a foreign government.

With the assassin close on his tail, Secret Agent Monty was able to escape through a hole in the wall to safety on the Rock of Claws.

MI-6 Agent Monty has successfully infiltrated this foreign land, and has even made friends with one of the residents.

The resident, Spirit Feather by name, has gone so far as to help Agent Monty elude capture by disabling the traps that have been set for him and sharing his food and water.
