

## TWO ATTEMPTS MADE ON MI-6 SECRET AGENT MONTY'S LIFE

MI-6 Secret Agent Monty continues his progress on his mission of Interspecies Communication.

There were two attempts on his life yesterday.

SA Monty reported that yesterday morning his roommate, code name Spirit, caught and quickly dispatched an agent who had infiltrated the compound. The assassin cleverly dressed and posed as a double for Secret Agent Monty, but Spirit knew the difference and that agent is no more.

Also, a strange being arrived trying to capture SA Monty, but he easily eluded the giant and escaped to the Den of Claws to watch from afar. SA Monty has a feeling this giant will return with reinforcements, and is preparing an attack plan as we speak.
