## LETTER TO THE MANAGEMENT

---

---

September 28, 2017

Dear Sir/Madam:

I feel I must protest. Although I have enjoyed seeing Keisha across from me in the Vacation Rotation and having nightly conversations with her, I must point out that she has been there for THREE WEEKS now.

The stinky Texas Tigers have enjoyed it immensely and think she should stay longer; however, I must point out the obvious unfairness of this situation. When I take a day or two extra, I am shamed mercilessly. Yet she has gotten three weeks and everyone thinks she's oh so cute, blah blah blah.

I call discrimination of the worst sort – discrimination of the species – promoting stinky tigers over lions. You must stop this immediately, or I will be forced to contact my attorneys and take legal action.

Furthermore, what was all this noise yesterday when Zeus returned home? I was napping so peacefully in my den and was awakened by all the noise. I was NOT pleased. I'm pretty sure our gated community has a noise ordinance.

Harumph.

Sincerely,

King Joseph Lion
