## LETTER TO THE MANAGEMENT

---

---

October 4, 2016

Dear Sir/Madam:

Please give us extra treats and enrichment this week.

Our secretary is in the hospital having a hip replacement (the better to walk around BCR when she comes to see us next year), and we are very depressed.

Thank you.

Sincerely,  
The Cats of Big Cat Rescue

P.S. Just because she's in the hospital, don't think you're safe. I have all the Explore fans watching and they will report back to her. Also, the live feed visit with me the other day will not stop the pending lawsuit. Nice try.

Signed,  
Joseph Lion
